ADA, INDIAN TERRITORY, WEDNESDAY EVENING, JUNE 28, 1905.

NUMBER 86

4th of July

Don't forget that the Nation's
greatest holiday, **FOURTH OF
JULY**, falls on Tuesday this year.

This is the day when every true American citizen should
put on his best, look his best, and feel his best. To do this
new clothes are needed, for with new clothes there is a self
conscious pride and dignity that is attained in no other way.

How About a New Suit, a New Hat,
Some Soft Shirts, Thin Underwear, etc.

You'll certainly enjoy the day better if you are rightly
dressed for it. If you outfit yourself here, you'll be com-
fortable, happy and have money in your pocket

THE SITUATION IN POLAND

Dispatches Show a Little Improve-
ment in the Condition of
Affairs.

ARE MAKING ARRESTS BY WHOLESALE

Prisoners of Moscow Overflowing Mostly
With Jews Who Have Been Arrested
Within the Last 24 Hours—Unbearable
Brutality of Cossacks Continues—Strikers
Wreck a Factory.

St. Petersburg, June 28.—There is a
complete embargo on news from Lodz
but generally speaking the situation
in Russian Poland shows a little im-
provement. Such advices as have ar-
rived here from Warsaw indicate that
the strike is only partially successful
and that the authorities are keeping
the situation pretty well in hand. The
ring leaders and agitators are being
arrested by the wholesale, over 1,000
having been put behind the bars up to
Tuesday morning.

Following the example of the Lodz
workmen the workmen of Warsaw
built barricades at five places and
blood was shed in defending them. Early
Monday night a young Jew threw a
stone at a passing patrol on Krochmalna
street, whereupon the Cossacks drove a
crowd of people into a court yard and
fired a volley at them killing or wound-
ing 20 persons including five women and
a boy. The strikers of the Bismarsk-
bevel factory on being fired on by the
son of the proprietor retaliated by wreck-
ing the establishment. Great pains are
being taken to appease the reserve men
who will be called to the colors at
Moscow and St. Petersburg. At Mos-
cow in order to create as little distur-
bance as possible it is proposed to take
1,500 men per day for 20 days. The
Grand Duchess Elizabeth is arranging
to distribute presents to the men and
a similar course will be pursued at
Romania, government of Peltava.

Prisons Overflowing.

Warsaw, Russian Poland, June 28.—
All the prisons are full to overflowing,
no less than 672 persons, mostly Jews,
having been arrested during the last
24 hours. It is expected that a state
of siege will be proclaimed as great
riots are anticipated during the mobil-
ization.

The laborers on 32 beet root planta-
tions in the government of Podolia
have struck and it is feared the harvest
will be lost.

The peasants in the government of
Kovno are forcefully occupying
pasture and other lands of the prop-
rietors of estates.

To Recover Equitable Money.

New York, June 28.—As chairman
of the Equitable Life Assurance soci-
ety's board of directors Paul Morton
has begun legal proceedings to recover
money alleged to have been wrong-
fully taken from the society, and he
also has cut off certain perquisites in
the society

EDITORS AT PORTLAND.

National Association the Guest of Exposi-
tion Management—Celebrating
Oklahoma Day at the Fair.

Portland, Ore., June 28.—The special
train bearing the homeward-bound
delegates to the National Editorial as-
sociation reached Portland Tuesday.
There are over 300 in the party in-
cluding the Oklahoma Press associa-
tion which is in Portland to take
part in the Oklahoma day exercises
which occurred Tuesday.

Appropriate exercises were held in
the Exposition auditorium as a part
of the Oklahoma day programme.
Among the speakers were Gov. T. B.
Ferguson of Oklahoma, Col. H. F.
Posche, representing President Goode
of the Exposition, Chas. B. Dreer,
president of the Alabama Press associa-
tion, Hon. Jos. Brewster MacCabe
of Boston, Roy Stafford, president
of the Oklahoma Press association and
Col. J. P. Mullin of Indian territory.

In the evening a formal reception
was given in the New York building
at which the visiting press associations
were the guests of honor. Besides
the National and Oklahoma Press
association there were delegates in at-
tendance representing the Utah and
California Press associations. The
National Editorial association dele-
gates expect to remain in Portland
for two days but may decide to ex-
tend their stay.

Did He Resign Under Pressure?

New York, June 28.—John P. Wal-
lace, chief engineer of the Panama
canal and a member of the commission,
has resigned these positions to accept
a \$60,000 office with a New York cor-
poration. Mr. Wallace was asked the
cause of his resignation. He replied
that he was in a delicate position in the
matter and referred his questioner to
Secretary Taft.

PRESIDENT AT CAMBRIDGE

Attending the Re-union of His Class
and the Commencement Exer-
cises of Harvard.

ALL CIVIC CEREMONIES WERE OMITTED

Mr. Roosevelt Refused All Military Escort
and All Invitations Except Those in
Connection With His Visit to Harvard—
To Make an Address at the Commence-
ment Dinner.

Boston, June 28.—As a Harvard
"grad" purposing to participate in the
reunion of his class and in the com-
mencement exercises of his college,
and not as president of the United
States, Theodore Roosevelt came to
Massachusetts Tuesday. Nevertheless,
his coming to Cambridge was to sig-
nalize one of the most notable com-
mencement celebrations in the history
of the university, especially in the
matter of attendance, for in addition
to the large quota of graduates from
Massachusetts many hundreds were
present from other states in the union
and points beyond. The president
came particularly to take part in the
25th anniversary of the class of 1880
of which he is a member, and the
programme for his two days' stay
was arranged almost entirely with
reference to his participation in the
class exercises and the general com-
mencement meetings. A feature of
this year's commencement is to be the
announcement of Bishop William
Lawrence as president of the Harvard
alumni association of the result of
plans to raise an endowment of \$2,500,
000 for Harvard from the alumni.
This announcement is to be made at
the commencement dinner at Memorial
hall Wednesday afternoon when the
president is to deliver an address.
President Roosevelt has refused all
military escort and all invitations to
engage in civic observances of any
kind during his visit. Simplicity was
to mark his entire course while in
Boston and Cambridge, and recep-
tions of all kind except those in connection
with his visit to Harvard were to be
omitted.

Tuesday President Roosevelt was met
at the Back Bay station this city, by
Bishop Lawrence who will act as the
president's host during his stay in
Cambridge, and was driven at once to
the residence of the bishop in the uni-
versity city. Here breakfast was
served, the special guests of the occa-
sion being President Charles W. Eliot
of Harvard and L. T. Curtis Guild, Jr.,
Gov. Wm. L. Douglas had been in-
vited but a severe cold prevented
him from leaving his home in Brock-
ton. It was planned that the fore-
noon hours should be spent quietly by
the president in rambling over the
college grounds in company of other
members of his class and at noon the
class of 1880 with Mr. Roosevelt as
its most distinguished member pro-
ceeded to the Oakley country club at
Watertown for luncheon. An after-
noon with his classmates at the Coun-
try club and the class dinner in the
evening at the hotel Somerset in this
city constituted the programme for
the remainder of the day.

Homeopaths in Convention.

Chicago, June 27.—The annual con-
vention of homeopaths convened here Monday
and before the convention adjourns
July 1, it is expected that fully 1,200
physicians from various parts of the
United States will attend the meet-
ings.

Run on Indiana Bank.

Terre Haute, Ind., June 28.—When
the doors of the Vigo county bank
opened Tuesday a number of depositors
were in line to withdraw their money
though in an orderly manner.

FRANCO-GERMAN DISPUTE

Von Buelow's Answer to the French
Note, While Amicable, Insists
on a Conference.

DIPLOMATIC VICTORY FOR GERMANY

St. Petersburg Hears That an Agreement
Has Been Reached Between the Two
Countries Whereby Germany Receives
Compensation for Quit-claiming Her
Interests in Morocco.

Berlin, June 28.—The German an-
swer to the French note on the sub-
ject of the proposed Moroccan confer-
ence was sent to Paris Monday. A
high official near Chancellor Von
Buelow informs the Associated press
that the German note while perfectly
amicable in form insists upon a confer-
ence and also declines to comply with
France's request that Germany outline
before hand the programme of the con-
ference.

The chancellor takes the stand that
the Moroccan question is an interna-
tional affair and Germany having ac-
cepted the sultan's invitation to a con-
ference on the subject cannot rightly
agree with any single power as to
what can be discussed at the confer-
ence. Germany insists that France
must agree to the conference before
any arrangements are made respect-
ing the subject matter for discussion. After
France has agreed to this Germany
is willing to listen to France's wishes.

The official's attention being called
to the war-like talk in the foreign press
he replied: "The fact that we are
urging a conference is clear proof that
we have no wish for war with France.
When a nation wants war it cannot
ask for a conference at the same
time. If we wanted war with France
we would have regretted M. Delcasse's
fall since he was the greatest obstacle
to good relations with France. On the
contrary M. Delcasse's removal and
premier Rouvier's decision to retain
the foreign portfolio gave great satis-
faction in German official circles be-
cause we saw in these steps a guaran-
tee of improved relations."

Victory For Germany.

St. Petersburg, June 28.—Private ad-
vices from Paris say that Germany has
achieved a diplomatic victory over
France by reaching an agreement
with Premier Rouvier for a settle-
ment covering not only Morocco but
other questions by which it is pre-
sumed that Germany, like Great
Britain, will secure compensation for
quit-claiming her interests in Morocco.
Germany's quid pro quo according to
report will be obtained in the near
East, in recognition of her influence
in Persia.

Consider Situation Relieved.

Paris, June 28.—The council of min-
isters Tuesday considered the status
of the Franco-German negotiations.
Premier Rouvier announced that he
expected to have a conference later
with Prince von Radolin, the German
ambassador, who would deliver the
German reply to the French note on
the subject of Morocco. In the mean-
time the officials here consider that the
situation has been considerably relieved
in view of intimations they have re-
ceived from the French ambassador
at Berlin concerning the general pur-
port of the German position.

It is understood that the German re-
ply expresses the most amicable and
friendly sentiments but nevertheless
continues to maintain that a conference
should settle the entire subject of Mo-
rocco with pre-arrangements between
the nations taking part in it. Accord-
ing to the German view all the signa-
tories of the Madrid convention should
have a part in the final regulation of
the subject. It is the general feeling
in diplomatic quarters that an agree-
ment will be reached on the basis of
a conference.

To Remove President Shea.

Chicago, June 28.—Formal removal
of International President C. P. Shea
of the Brotherhood of Teamsters has
been decided upon by the interna-
tional executive board. The anti-Shea
leaders in the committee practically
voted to depose the leader. A "trial"
has been held and President Shea has
been found guilty of violating the con-
stitution and by-laws of the teamsters'
organization. There is no appeal
from the action of the international
committee. It is planned promptly
to announce the finding of "guilty"
and to declare the office of president
vacant until Shea's successor shall be
elected at Philadelphia in August.

Human Head on Cowcatcher.

Topeka, Kan., June 28.—On the
cowcatcher of a Santa Fe freight
train which arrived in the yards here
at 10 o'clock was found affixed a human
head. Telephoning back over the
route towards Atchison it was found
to have been severed from the body
of Herbert Kent, son of Thomas
Kent of Nortonville, the body lying
beside the track near that point. It
is supposed that young Kent was walk-
ing along the track.

A line of march in which will be seen every conceivable industry, invention, social freak and physical or mental monstrosity known to modern civilization, will escort the great dignitary to Roff's beautiful park, where 101 novel and amusing features of entertainment will make a gala day and a hilarious occasion. 86-4t-wit

A Problem.

Can you figure it out? A man wanted a railroad ticket and only had a \$2 bill. It required \$3. to get the ticket. He took the \$2 bill to a pawnshop, pawned it for \$1.50. On his way back to the depot he met a friend to whom he sold the ticket for \$1.50. That gave him \$3. Now, who's out that dollar.

THEY are coming on July 21, 22 and 23. Miss Ada, put on your best.

OUR friend, R. H. Redwine, has sold the "Allen Hustler" and the paper is temporarily suspended. Bro. Redwine is a good newspaper man and we are sorry to lose him from the "Dependant Order of Indian Territory Editors."

MODERN progress is the result of improved methods of communications. The telegraph and telephone, the mail and transportation facilities make the modern newspaper possible. The daily newspaper puts at the command of the enterprising merchant a most effective means of communication with his customers. The advertiser is progressive. The man who does not advertise refuses to acknowledge the existence of the chief instrument of progress. He declines to use the agencies which the genius and enterprise of other men put within his reach. Every business community affords striking evidences of the fact that the man who utilizes these agencies of modern progress, who puts himself in communication with the public, who lets the public know what he has to sell, is the man whose business prospers at the expense of those who are blind to progress.

"A PRINTING office is considered by some to be a rather tough place, and the newspaper worker a mighty bad man. Statistics, however, do not bear out that idea," said a police captain to a Philadelphia Bulletin reporter a few days ago. "In looking over a book containing the record of prisoners I find that in the state penitentiary of Texas out of 3,890 convicts there is not a single newspaper man or printer. There were, however, ministers, doctors, bankers, barbers, photographers, cooks, bar-keepers and members of other professions and callings. The newspaper man gets a bad name because the nature of his business teaches him to detect sham; he scorns the hypocrite, and cannot be bull dozed by office seekers and cheap politicians."—Ardmoreite.

THE Farmers' Union is becoming quite strong in this country. This is something which can be made of much benefit to the country, if not allowed to suffer the fate of so many like organizations which have risen and, for a season, flourished in the past—that of being wrecked by designing politicians, who seek to use the organization as a lever wherewith to boost the own political fortunes. We are informed that shrewd schemers, with an eye to the future, are already connecting themselves with the Farmers' Union, designing to use it as an aid in securing the offices to which they aspire when statehood comes. It is well for all those who unite with the union from honest purpose—and that's a very large majority of its members—to spot these self-seeking schemers early in the action and see that the little game they hope to work is defeated.—Purcell Register.

Francis Happenings

Doings and Goings of Our Neighbors on the North

DON'T DO IT, BOYS.

The Muskogee Phoenix is responsible for the statement that the citizens of Weleetka have decided that inasmuch as they are not the recipients of full protection from our National government on account of the awkward administration of affairs by Secretary Hitchcock that "old Glory" shall not be unfurled in her fullness at their Fourth of July celebration but that she shall hang at halfmast.

Is it possible that those people realize the magnitude of disloyalty that might be attributed to them in this act, by causing this "symbol of Freedom to hang her head in shame on this eventful day, when our proud Republic is engaged in commemorating the proclamation that gave her liberty.

Were it Hitchcock's flag we would add our amen were it trailed in the dust. But it is the representation of those eternal principles that form the foundation of our civil and religious freedom, which make ours the grandest government on earth—the envy of all nations.

The privilege of flying this glorious banner was bought by the blood of our ancestors, and shame on the manhood of any people over whom it waves, that would refuse to unfurl "Old

Glory" in all her fullness, on such occasions, and bid her "ding her folds to the breeze" and float proudly at her will "over the land of the free and the home of the brave."

Do what you will to Hitchcock, boys, but don't, oh, don't cast a single stigma on the fair escutcheon.

We are glad to know that Mrs. Dr. Brady of our town is getting able to be out again.

This is picnic day and everyone is in too great a rush to give out any news.

Mr. C. S. Norman, who is at present a "knight of the grip," is spending a few days at home this week.

When it isn't possible to learn any news, and the reporter hasn't the necessary ingenuity to manufacture any, what is to be done? Dr. Padbury and "Barney" took in the sights on the picnic grounds Tuesday night, but then it's not right to give out anything like a full report of the "outing."

Hugh Twinam reports that he found one of our best citizens perambulating in the vicinity of the Frisco coal incline during the "wee" small hours of last night without hat on—but then it's not right to be too suspicious.

RUSSIAN CREW MUTINY AND MURDER OFFICERS

Special to the Evening News.

Kansas City, Mo., June 28.—(4:50 p. m.)—A Russian battleship and torpedo boat have arrived at Odesha, Russia. The crew mutinied at sea, murdered their officers and threw their bodies into the water. They threaten to bombard the town if interfered with.

The situation precarious, black sea fleet momentarily expected.

SECRETARY HAY'S CONDITION.

Passed a Comfortable Night but Will Probably be Confined Longer Than at First Anticipated.

Newbury, N. H., June 28.—The announcement Tuesday from the summer home of Secretary of State John Hay was that the patient had passed a comfortable night and that the morning found him resting quietly, much refreshed from the night's sleep. Although Mr. Hay's sleep was but intermittent, his repose resulted in the regaining of considerable strength. It was not believed, however, that the secretary would be about as soon as had been anticipated. The arrival of a nurse and of a physician, Dr. Jackson, from Boston during the night, was a result of the belief that the secretary would undoubtedly need the most careful nursing and medical attention during the coming days. The family, however, does not apprehend any danger whatsoever from Mr. Hay's illness but they realize that the attack of uraemia of Saturday, following as it did a period of illness for which Mr. Hay went abroad for treatment, weakened the secretary's physical power and necessitated at least that he remain quietly in bed for several days.

Des Moines Attorney Insane.

Des Moines, Ia., June 28.—Virgil H. White, the well-known Des Moines attorney who disappeared two weeks ago, leaving an overturned canoe and portions of clothing to indicate a possible drowning, has been located at Defiance, 150 miles west of here and positively identified as the missing man. White has been working on a farm for one Ferguson and says he does not wish to return home. I. C. Hume White's law partner, says the young man is deranged.

IS HE, TOO, A "BLUEBEARD?"

Arsenic Found in Stomach of Elgin, Ill. Woman—Her Husband Suspected and His Past Being Investigated.

Elgin, Ill., June 28.—Arsenic is said to have been discovered in the stomach of Mrs. W. H. Duffree, whose death here has caused suspicion to rest upon her husband. The internal organs are under chemical and microscopic examination in Chicago.

Charles B. Hazellhurst, an Elgin attorney, is authority for the statement that the poison has been found. The substance of a mysterious white powder which Duffree gave his wife is being investigated by the Elgin authorities and may solve the mystery of the woman's death. Duffree continues to have his liberty under a bond of \$1,000. Meanwhile researches into Duffree's past are being made. The story has many ramifications, including several previous marriages of Duffree.

LaBoca Quarantined.

Colon, June 28.—A meeting of steamship agents was held here Tuesday to consider a fatal case of bubonic plague recently reported to have occurred at LaBoca, near Panama. Pending developments no definite action was taken. Passenger and freight trains continue to run to and from Colon and Panama. The authorities of the latter place have quarantined the LaBoca wharf for fourteen days.

Lorenz Goes to Prison.

Washington, June 28.—George E. Lorenz, of Toledo, O., who was convicted in the local courts here over a year ago of conspiracy to defraud the government in connection with the sale of letter box fasteners, was Tuesday remanded to the custody of the warden of the district jail for removal to the state prison at Moundsville, W. Va.

Frisco "Meteor" Wrecked.

Oklahoma City, Ok., June 29.—Fireman Fisher was instantly killed Engineer Binkley fatally injured and Express Messenger Jewett badly injured in a wreck to the Frisco Meteor in the north yards in this city Sunday evening as the train was leaving the city for the east.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of Asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty cent bottle entirely cured me of asthma which had been growing on me for twelve years, and if I had taken it at the start I would have been saved years of suffering." Sold by Clark Drug Co., and Mason Drug Co.

That Tired Feeling.

If you are languid, depressed, incapable for work, it indicates that your liver is out of order. Herbine will assist nature to throw off headaches, rheumatism and akin to nervousness and restore the energies and vitality of sound and perfect health. J. J. Hubbard Temple, Texas, writes: "I have used Herbine for the past two years. It has done me more good than all the doctors. It is the best medicine ever made for chills and fever." 25c at Clark Drug Co.

ARRESTED ONE BOOKMAKER.

Sheriff with His Deputies Raid
Betting Ring and Stop
Proceedings.

St. Louis, Mo., June 28.—For the first time since the anti-betting law went into effect the betting ring at the Palmer race track was deserted by the members of the Central Turf association, who are behind the plan to make bets on the races in a manner not contrary to law, and after the first race persons who wished to back their judgment financially on the merits of the several horses were forced to make impromptu wagers with other spectators at the race course.

Sheriff Herpel, of St. Louis county, accompanied by several deputies, took possession of the betting ring just before the horses went to the post in the first race, but only one arrest was made—Charley Cella, a member of the Central association, who was later held under \$1,000 bond to answer a charge of violating the anti-betting law.

In view of the fact that following the single arrest made Monday at Delmar race track all operations in the betting ring suspended, word comes from Jefferson City that Gov. Folk will not call out an armed force to assist in enforcing the anti-betting law. It was announced that racing would be continued as usual. Sheriff Herpel stated that he would not only make arrests every day but would "stop the betting entirely" until the courts have passed upon the cases now before them.

TAKE A GLOOMY VIEW.

Russian Military Experts Consider a Victory
by Linevitch in Manchuria an
Impossibility.

St. Petersburg, June 28.—The military experts take anything but a hopeful view of Gen. Linevitch's situation. They do not believe he can be surrounded but apparently the experts do not consider the possibility of a Russian victory. Linevitch's retirement to Harbin and the isolation of Vladivostok seem to be regarded as a foregone conclusion when Field Marshal Oyama strikes. According to the latest news from the front which is 26 hours old, Oyama after forcing back the Russian right and center transferred his weight against the left compelling the Russians to give ground there also. The military critics, however, agree that the frontal movement is merely a feint for the development of one or both of the Russian wings without which nothing in the shape of a decisive victory is possible. The impression is that Oyama, profiting by past experience, is more carefully preparing his turning operations but by the same token the Russian staff declares Linevitch has taken ample precautions to keep in touch with flanking movements and that it is not possible to take him by surprise.

Gen. Linevitch in a despatch to the emperor dated June 26 reports outpost affairs on June 24, the Russians being driven in both south of the railway and in the valley of the Tsinho. In the region of Hallingchen the Japanese resumed the offensive June 22 and attacked and drove back the Russian advance squadrons.

A FIREMAN'S BRAVERY.

Will Probably Lose His Life as the Result
of His Efforts to Save
a Child.

St. Joseph, Mo., June 28.—In saving the life of a 2½-year-old child which had wandered on the railroad track near Powell, Neb., the left leg of George Pochl, a St. Joseph and Grand Island fireman, was wrenched off at the knee. As the heavy freight train rounded a curve, the child was discovered a short distance ahead. Brakes were applied but it was seen that the train could not be stopped in time and that the child paid no attention to it. Pochl climbed to the pilot and grasped the baby as the pilot reached the spot, throwing it from the track uninjured. The fireman's foot slipped as the child was hurled to one side and was caught under the pilot and literally wrenched off above the ankle. He was brought to a hospital here and his death is momentarily expected. Pochl has a little brother. He said that when he saw the child on the track he thought what he would do in case it were his brother and resolved to do the same for another.

Want Rates Readjusted.

Topeka, Kan., June 28.—The leading interior grocery jobbers of Kansas Monday made application to the state board of railroad commissioners for a readjustment of the Missouri river freight rates. They want the advantages of the same proportional reductions that are enjoyed by the Missouri river points. The application is the opening of a contest between the Missouri river and interior jobbers, as, if the rate is changed, it will make much more competition for the Missouri river men.

Coroner Stopped a Funeral.

Lake City, Ia., June 28.—Funeral services over the body of Cyrus Pratt, a farmer, who recently died near Yetter, Ia., were interrupted by an announcement that the coroner's jury would make an investigation into the cause of death. Mrs. Pratt and Will Kershing, a hired man, are under arrest under suspicion of having poisoned him.

ARRESTED ONE BOOKMAKER.

Sheriff with His Deputies Raid
Betting Ring and Stop
Proceedings.

St. Louis, Mo., June 28.—For the first time since the anti-betting law went into effect the betting ring at the Palmer race track was deserted by the members of the Central Turf association, who are behind the plan to make bets on the races in a manner not contrary to law, and after the first race persons who wished to back their judgment financially on the merits of the several horses were forced to make impromptu wagers with other spectators at the race course.

Sheriff Herpel, of St. Louis county, accompanied by several deputies, took possession of the betting ring just before the horses went to the post in the first race, but only one arrest was made—Charley Cella, a member of the Central association, who was later held under \$1,000 bond to answer a charge of violating the anti-betting law.

In view of the fact that following the single arrest made Monday at Delmar race track all operations in the betting ring suspended, word comes from Jefferson City that Gov. Folk will not call out an armed force to assist in enforcing the anti-betting law. It was announced that racing would be continued as usual. Sheriff Herpel stated that he would not only make arrests every day but would "stop the betting entirely" until the courts have passed upon the cases now before them.

TAKE A GLOOMY VIEW.

Russian Military Experts Consider a Victory
by Linevitch in Manchuria an
Impossibility.

St. Petersburg, June 28.—The military experts take anything but a hopeful view of Gen. Linevitch's situation. They do not believe he can be surrounded but apparently the experts do not consider the possibility of a Russian victory. Linevitch's retirement to Harbin and the isolation of Vladivostok seem to be regarded as a foregone conclusion when Field Marshal Oyama strikes. According to the latest news from the front which is 26 hours old, Oyama after forcing back the Russian right and center transferred his weight against the left compelling the Russians to give ground there also. The military critics, however, agree that the frontal movement is merely a feint for the development of one or both of the Russian wings without which nothing in the shape of a decisive victory is possible. The impression is that Oyama, profiting by past experience, is more carefully preparing his turning operations but by the same token the Russian staff declares Linevitch has taken ample precautions to keep in touch with flanking movements and that it is not possible to take him by surprise.

Gen. Linevitch in a despatch to the emperor dated June 26 reports outpost affairs on June 24, the Russians being driven in both south of the railway and in the valley of the Tsinho. In the region of Hallingchen the Japanese resumed the offensive June 22 and attacked and drove back the Russian advance squadrons.

A FIREMAN'S BRAVERY.

Will Probably Lose His Life as the Result
of His Efforts to Save
a Child.

St. Joseph, Mo., June 28.—In saving the life of a 2½-year-old child which had wandered on the railroad track near Powell, Neb., the left leg of George Pochl, a St. Joseph and Grand Island fireman, was wrenched off at the knee. As the heavy freight train rounded a curve, the child was discovered a short distance ahead. Brakes were applied but it was seen that the train could not be stopped in time and that the child paid no attention to it. Pochl climbed to the pilot and grasped the baby as the pilot reached the spot, throwing it from the track uninjured. The fireman's foot slipped as the child was hurled to one side and was caught under the pilot and literally wrenched off above the ankle. He was brought to a hospital here and his death is momentarily expected. Pochl has a little brother. He said that when he saw the child on the track he thought what he would do in case it were his brother and resolved to do the same for another.

Want Rates Readjusted.

Topeka, Kan., June 28.—The leading interior grocery jobbers of Kansas Monday made application to the state board of railroad commissioners for a readjustment of the Missouri river freight rates. They want the advantages of the same proportional reductions that are enjoyed by the Missouri river points. The application is the opening of a contest between the Missouri river and interior jobbers, as, if the rate is changed, it will make much more competition for the Missouri river men.

Coroner Stopped a Funeral.

Lake City, Ia., June 28.—Funeral services over the body of Cyrus Pratt, a farmer, who recently died near Yetter, Ia., were interrupted by an announcement that the coroner's jury would make an investigation into the cause of death. Mrs. Pratt and Will Kershing, a hired man, are under arrest under suspicion of having poisoned him.

More Equitable Directors Resign.

New York, June 28.—Chairman Morion announced Tuesday that John Jacob Astor of this city and J. B. Forgan, president of the First National bank of Chicago, had tendered their resignations as directors of the Equitable.
